AUTOMATED EXPORT SYSTEM (AES)
USER MEETING

Holiday Inn JFK Airport
144-02 135th Avenue
Jamaica, NY
March 11, 2003
9:00am - 4:00pm

A MUST MEETING FOR AES USERS

Foreign Trade Statistics Regulations and Mandatory Filing via AES

Public Law 107-228 requires that all persons required to file export information, file such through the Automated Export System (AES). Census will cover the phase-in process to implement full mandatory AES and the new requirements that are included in this implementation.

Enhancement to AES*Direct* - AES*PcLink*

Since 1999, Census has made many AESDirect changes and enhancements to better serve the export filer utilizing the power of the Internet. Census will cover all of most recent changes and provide hints and tips for easy filing.

AES Problems and Concerns

Census goes over the most common problems that the AES participants make when filing in AES and provides solutions to such. Census also displays the new monthly "report card" available to all AES filers.

AES Redesign

Hear what changes in AES will occur in 2004 that will make AES a better system.

AES Transportation Module

A presentation on the electronic filing of the vessel outbound manifest and an update on the electronic filing of transportation information for other modes of transport.

U.S. Customs Requirements

A U.S Customs representative will address local operations, how they use AES, and Customs' expectations for AES filers.
